# What is Moodle?

---

<https://tdl.rta.lv/>

- Moodle is a free and open-source online Learning Management system.
- MOODLE (acronym) Modular Object Oriented Dynamic Learning Environment.
- Growing up in the Australian outback in the late 1970s, Moodle's Founder and Lead Developer Martin Dougiamas took lessons from the School of the Air, giving him from a young age an insight into distance learning.
